PREFACE

The Alumni Directory is composed of three parts, one of which is devoted to the Board of Regents, one to the Faculty, and one to the Alumni of the University. Copy for the Alumni section of necessity was compiled months in advance of publication. Such changes of address as have come to the office have been incorporated but in spite of efforts to secure information, there are undoubtedly errors in the list of 13,000 names.

While it is a comparatively easy task to keep an up-to-date mailing list of the 5,500 members of the General Alumni Association, it is somewhat difficult to keep a reliable record of graduates who do not keep in close touch with the University and who assume no responsibility in keeping us informed of their whereabouts.

Alumni Recorder.
